A special meeting was convened to discuss the 2016 Municipal Budget.

Updated Expenditure and Revenue spreadsheets were passed out to the Councillors by Finance Chair Darrin Akerman, including the actual expenditures as of December 4, 2015.

After much discussion and debate, it was decided that the Finance Chair would have another look at the numbers to see if the Budget can be balanced without an increase in taxes. A date will be set to meet again regarding the budget.
